Important events to be reported: Conclusion of a framework agreement

The management of Safetech Innovations S.A. (hereinafter referred to as the "Company") informs the market about the conclusion of a framework agreement for the provision of cybersecurity assessment services, following a public procurement procedure organized by the Romanian Authority for Digitalization.

The details of the framework agreement are presented below:

Provider: Safetech Innovations S.A.

Beneficiary: Romanian Authority for Digitalization

Type of agreement: Framework agreement for the provision of services

Subject of the framework agreement: Provision of cybersecurity assessment services for the migration of applications to the Romanian Government Private Cloud, through the conclusion of subsequent contracts, under the terms and within the limits set out in the framework agreement.

Duration of the framework agreement: 48 months from its entry into force.

The Romanian Authority for Digitalization has concluded framework agreements with a total of 10 economic operators. As part of the public procurement procedure, the Company ranked first following the evaluation of the bids, achieving a score of 88.19 out of 100, based on the technical evaluation criteria and the award criterion of the best price-quality ratio. This result reflects the Company's ability to deliver cybersecurity assessment services to high quality standards while ensuring efficiency and cost competitiveness.

Given the legal nature of the framework agreement, it establishes exclusively the contractual framework and the general terms under which subsequent contracts may be concluded during its validity period. As of the date of signing the framework agreement, the value of the subsequent contracts to be awarded to the Company cannot be determined, as they will be concluded progressively, depending on the Beneficiary's needs and in accordance with the terms of the framework agreement.

The Company will inform the market, through current reports, of any subsequent contracts/firm purchase orders concluded under the framework agreement, to the extent that their value exceeds or approaches the threshold of 10% of the total revenue reported in the latest annual financial statements, in accordance with the applicable legal provisions.

Victor GANSAC

Chairman of Board of Directors
